- Capital expenditure for the month of **March 2023** amounts to **R 18 125 315.19** and stands at **34%** below the projected YTD budget which is not aligned to the SDBIP and budget plan as provided by the respective directors.
- The YTD actual is at its lowest level of only **R 82 832 076 (46.32%)** compared to the total budget of **R 178 839 804** and previous years. This will result in bottle necks in the last quarter prior to year-end and has the very real potential of material under-performance and a challenging year-end closure.
- Commitments are **R28 037 787**.

**Note:** Ratios in the main will improve more positively over the reporting period as some YTD actuals only takes into account the month-to-month movements. It's envisaged that most ratios will be more in line with the budget nearing the end of the reporting period, but with creditor payment period potentially worsening due to current low capital spending.
