### 1.3 ***Annual Report and Audit Report***

#### ***Status of implementation of Auditor-General recommendations:***

The accounting officer is committed to address audit outcomes of the prior year relating to the AGSA key focus areas. The municipality is encouraged to strengthen its internal monitoring by assessing the fundamentals of internal controls on a frequent basis to ensure sustainable clean administration.

The Annual Financial Statements (AFS) for the year 2024/2025 submitted for auditing were prepared in all material respects in accordance with the requirements of section 122(1) of the Municipal Finance Management Act, resulting in the financial statements receiving an unqualified opinion with no findings. Management's internal controls and processes over the preparation and presentation of the financial statements are reviewed annually to ensure that it is free from material misstatements.

The reported performance against predetermined objectives was evaluated against the overall criteria of usefulness and reliability. The usefulness of information relates to whether the reported performance is consistent with the planned development priorities or objectives and if indicators and targets are measurable (i.e. well defined, verifiable, specific, measurable and time bound) and relevant as required by the National Treasury Framework for managing programme performance information.

The Auditor-General did not raise any material findings on the usefulness and reliability of the reported information.

### 1.4 ***National and Provincial adjustments budgets***

funding of R28 353 000 for the Human Settlements Grant (Beneficiaries), R709 600 for the Municipal service Delivery and Capacity Building Grant and the Informal Settlements Upgrading Partnership Grant was reduced by R3 518 000.

### **1.5 *Necessity of an adjustments budget for the Municipality***

The main expenditure items influencing the aforementioned position are recorded below:

#### **On the expenditure side:**

The proposed R56 575 629 increase in operating expenditure was influenced in the main by the following:

11. Operational Cost must increase by R3 890 098 mainly due to the SARS related charges for the Library grant that management has to pay over to SARS, in order to remain tax-compliant, following NT-guidance and the agreements reached during the 2024/25 audit;
12. Losses on Disposal of Assets must decrease by R4 420 137 based on the 2024/25 audited performance and revised projections for the current year;

8. Interest earned from Receivables must decrease in total by R133 985 based on the mid-year performance;
9. Fines, penalties and forfeits must increase by R783 249 based on revised projections for the current year;

1. The Eskom portion of the Malmesbury De Hoop 132/11kV Substation project, totalling to R52 100 000 (originally funded by INEP, CRR and Ext. Loan) must move to the operating MTREF budget, as per NT's latest guideline;

3. Construction of New Roads: Swartland must increase by R5 million due to the amount brought forward to support the rescheduled implementation programme, as requested by the responsible directorate;
