# Glossary

**Adjustments Budget** – Prescribed in section 28 of the MFMA. The formal means by which a municipality may revise its annual budget during the year.

**Allocations** – Money received from Provincial or National Government or other municipalities.

**Budget** – The financial plan of the Municipality.

**Budget Related Policy** – Policy of a municipality affecting or affected by the budget, examples include tariff policy, rates policy and credit control and debt collection policy.

**Capital Expenditure** - Spending on assets such as land, buildings and machinery. Any capital expenditure must be reflected as an asset on the Municipality's balance sheet.

**Cash flow statement** – A statement showing when actual cash will be received and spent by the Municipality. Cash payments do not always coincide with budgeted expenditure timings. For example, when an invoice is received by the Municipality it is shown as expenditure in the month it is received, even though it may not be paid in the same period.

**DORA** – Division of Revenue Act. Annual legislation that shows the total allocations made by national to provincial and local government.

**Equitable Share** – A general grant paid to municipalities. It is predominantly targeted to help with free basic services.

**Fruitless and wasteful expenditure** – Expenditure that was made in vain and would have been avoided had reasonable care been exercised.

**GFS** – Government Finance Statistics. An internationally recognised classification system that facilitates like for like comparison between municipalities.

**GRAP** – Generally Recognised Accounting Practice. The new standard for municipal accounting.

**IDP** – Integrated Development Plan. The main strategic planning document of the Municipality

**KPI's** – Key Performance Indicators. Measures of service output and/or outcome.

**MFMA** – The Municipal Finance Management Act – No. 53 of 2003. The principle piece of legislation relating to municipal financial management.

**MTREF** – Medium Term Revenue and Expenditure Framework. A medium-term financial plan, usually 3 years, based on a fixed first year and indicative further two-year budget allocations. Also includes details of the previous and current years' financial position.

**Net Assets** – Net assets are the residual interest in the assets of the entity after deducting all its liabilities. This means the net assets of the municipality equates to the "net wealth" of the municipality, after all assets were sold/recovered and all liabilities paid. Transactions which do not meet the definition of Revenue or Expenses, such as increases in values of Property, Plant and Equipment where there is no inflow or outflow of resources are accounted for in Net Assets.

**Operating Expenditure** – Spending on the day to day expenses of the Municipality such as salaries and wages.

**Rates** – Local Government tax based on the assessed value of a property. To determine the rates payable, the assessed rateable value is multiplied by the rate in the rand.

**SDBIP** – Service Delivery and Budget Implementation Plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.

**Strategic Objectives** – The main priorities of the Municipality as set out in the IDP. Budgeted spending must contribute towards the achievement of the strategic objectives.

**Unauthorised expenditure** – Generally, spending without, or in excess of, an approved budget.

**Virement** – A transfer of budget.

**Vote** – One of the main segments of a budget. In Swartland Municipality this means at function level.

# PART 1 – ADJUSTMENTS BUDGET

## SECTION 1 – MAYOR’S REPORT

The 2025/2026 MTREF was approved by Council on 29 May 2025 in accordance with Section 24(1) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003).

The reason for the tabling of this **2025/2026 Mid-year and MTREF adjustments budget** is fully disclosed in the executive summary of the budget documentation. The adjustments were necessary as a result of adjustments deemed appropriate following the mid-year assessment and the prioritisation of certain line items.

Further to the above, the Provincial Adjusted Estimates brought about additional funding, mainly for the Human Settlements Development Grant (Beneficiaries). The roll-overs approved by Provincial and National Treasury must also be appropriated in this Adjustments budget.

### **1.2 THE ADJUSTMENTS PROPOSED IN THIS ADJUSTMENTS BUDGET ARE SUMMARISED BELOW, WITH THE MOVEMENTS FOUND IN THE SCHEDULES:**

**Note:** The difference between the actual adjustment amounts listed below and the adjustment amounts in the B-schedule are because of virements within departments that now also forms part of the proposed adjusted budget.

The revised forecasted expenditure and revenue for the 2025/2026 MTREF can be summarised as follows:

Type ( R )	2025/26 Original Budget	2025/26 Mid-Year Adj Budget	2026/27 Adjusted Budget	2027/28 Adjusted Budget

## Section 2 - Budget Related Resolutions

### MID-YEAR ADJUSTMENTS TO THE CURRENT AND OUTER YEARS OF THE 2025/2026 – 2027/2028 MTREF

The following council resolutions pertaining to the consideration and approval of the 2025/2026 Mid-Year and outer years adjustments to the MTREF, are as follows:

#### RECOMMENDATION:

- (a) That it be noted that the Budget Steering Committee convened to consider the explanations and motivations provided by the financial staff and other directors in a bid to advise the Executive Mayor on way forward;
- (b) Council to note that based on the latest guidance from NT, the capital expenditure to upgrade the electricity supply pertaining to Eskom's portion of the feed to the substation, is now regarded as operational expenditure and the grant funding as Construction Contract Revenue, resolving a necessitated reallocation in the adjustments budget;
- (c) Council to approve the R6 786 000 bridging finance of certain electrical infrastructure capital projects funded by CRR, due to the timing of the Integrated National Electrification Programme (INEP) grant that may differ from the municipality's financial year in the context of funding approval requirements by the Department and when the projects had to be implemented in the municipal context;
- (d) That approval be granted to amend the 2025/2026 MTREF capital projects as part of the consolidated capital program as per (**Annexure A-1: Adjusted 2025/26 MTREF Capital Budget**), including the amendments to the outer years for the Malmesbury De Hoop 132/11kV Substation project, to facilitate the required procurement process;
- (e) That council considers and approve the amended funding sources linked to council's capital program and take note that these funding sources are available and have not been committed for other purposes;

## Section 3 – Executive Summary

### INTRODUCTION

This 2025/2026 Mid-year Adjustments Budget is in line with the MFMA Municipal Budget and Reporting Regulations. The main reasons for this 2025/2026 Mid-Year Adjustments Budget is due to the additional funding as per the Provincial Adjusted Estimates, amounting to R28 353 0000 for the Human Settlements Grant (Beneficiaries), R709 600 for the Municipal service Delivery and Capacity Building Grant, and the Informal Settlements Upgrading Partnership Grant which was reduced by R3 518 000.

The roll-overs approved by Provincial Treasury for the Human settlements Development Grant (Beneficiaries) of R8 103 102, R12 489 296 for Informal Settlements Upgrading Partnership Grant: Provinces (Beneficiaries) and R83 096 for the Municipal Accreditation and Capacity Building Grant also be appropriated in this adjustment budget.

The reason for the adjustment to the outer years of the 2025/2026 MTREF, is mainly due to the Eskom portion of the Malmesbury De Hoop 132/11kV Substation project that must move to the operating MTREF budget, as per NT's latest guideline, to facilitate the earlier procurement process.

Further the above, consideration of the half-year performance assessment as required by S72 of the MFMA for the mid-year ended 31 December 2025, inclusive of considering previous audited outcomes, forms part of this process. The Service Delivery and Budget Implementation Plan (SDBIP) will also be amended accordingly where appropriate.

Opportunity was given to the Chief Financial Officer to present the detail in respect of the mid-year adjustments and to allow for considering performance to date. During this engagement the BSC in the main wanted to ensure that the achievement of the objectives set in the main budget, is realised.

### 4.1 Provision of basic services

There is no effect of the adjustments budget on the provision of basic services.

#### 4.2 Effect of the adjustments budget

The adjustments in respect of the Operating Budget for 2025/2026 will result in the **net surplus excluding capital grants and contributions of R27 115 762 increasing to a budgeted net surplus of R68 315 588**. The net surplus of R 13 877 785 for 2026/2027 will change to a net deficit amounting to R22 342 615 and for 2027/2028 the net surplus of R 5 876 303 will remain unchanged. **(At this juncture it is appropriate to emphasize that the aforementioned net surpluses and deficit is the more appropriate measurement of budgeted surpluses/deficits from a budgeted cash flow perspective).**

#### 4.3 Adjustment highlights

Fuller details of the various revenue and expenditure changes are shown in this document. The new projected forecasts for the 2025/2026 MTREF are as follows:

The operational expenditure must be adjusted upwards by R56 575 629 and the revenue budget must be adjusted upwards by R119 048 159 as per the earlier explanations, for 2025/2026.

For the 2026/2027 financial year, the operational expenditure must be adjusted upwards by R57 088 400 due to the Eskom portion of the Malmesbury De Hoop 132/11kV Substation project that had to move to the operating MTREF budget, as per NT's latest guideline, to facilitate the procurement process in the current year.

## CAPITAL BUDGET

The capital expenditure must be adjusted downwards by R13 748 385 in 2025/2026 (current year) and the outer years must be adjusted downwards by R14 082 000 in 2026/2027, and upwards by R6 693 277 in 2027/2028 due to the movement of the Eskom portion of the Malmesbury De Hoop 132/11kV Substation project, to the operational budget.

The confirmed funding of the 2025/2026 MTREF capital budget is as follows:

## Section 6 – Budget and other related policies

There are no changes to the budget related policies proposed in this adjustments budget.

## Section 7 – Overview of budget assumptions

### Budget Assumptions

There are no changes to the budget assumptions proposed in this adjustments budget.

## Section 8 – Funding compliance

The 2025/2026 Mid-year and MTREF adjustments budget is still cash – backed which is the first indicator of a “credible” budget. Funding levels remain positive as clearly depicted in Table B8.

## Section 9 – Overview of budget funding

### Funding the Budget

Section 18(1) of the MFMA states that an annual budget may only be funded from:

- Realistically anticipated revenues to be collected;
- Cash backed accumulated funds from previous years' surpluses not committed for other purposes; and
- Borrowed funds, but only for the capital budget referred to in section 17.

Achievement of this requirement in totality effectively means that a Council has 'balanced' its budget by ensuring that budgeted outflows will be offset by a combination of planned inflows as well as prior years' accumulated cash surpluses.

## Section 10 – Expenditure on allocations and grant programmes

### Grant allocations

Details of each grant to be received and spent are shown in the schedules SB7 to SB8 attached to the report.

## Section 11 – Allocations and grants made by the Municipality

### Allocations made by the Municipality

Refer to supporting schedule SB10 for allocations made. Total allocations are as follows:

	2025/2026 Original Budget	2025/2026 Mid-year Adj Budget	2026/2027 Adjusted Budget	2027/2028 Adjusted Budget
External Entities	4 073 455	3 666 007	4 112 400	4 251 544

Any allocation made to an outside body must comply with the requirements of section 67 of the MFMA. This stipulates that before transferring funds to an outside organisation the Municipal Manager, as Accounting Officer, must be satisfied that the organisation or body has the capacity to comply with the agreement and has adequate financial management and other systems in place.

## **Section 12 – Councillor Allowances and employee benefits**

### **Salaries, Allowances and Benefits**

Details of Councillor Allowances and employee benefits are included in supporting table SB11 attached.

## **Section 13 – Monthly targets for revenue, expenditure and cash flow**

### **Monthly Cash Flows by source**

Supporting tables SB 12 to SB 17 show the adjusted monthly cash flows.

## **Section 14 – Adjustments to the quarterly service delivery and budget implementation plans – internal departments**

Supporting table SB3 indicates the major adjustments.

## **Section 15 – Capital expenditure details**

Capital expenditure details are listed in Supporting Table SB 18.

## **Section 16 – Supporting tables**
